A Message from the Regent

Here we are at the end of the year—again! Where does the time go? Soon it will be time to gather around the Christmas table with family and friends, so we want to remember those who do not have the plenty that we do. Bless them, Lord, and help them find a place of warmth and comfort this year during the holidays. For our deployed military, we can do something. At our November meeting, our new Historian Pro Tem, Emily Henderson, announced a new project: Soldier's Angels. If you were not present and want to help a deployed military soldier feel loved this Christmas, contact Emily at [emilyhenderson1@aol.com](mailto:emilyhenderson1@aol.com). She can set you up with the name and address and a little information about a soldier in need of an angel. You may write or send cards and maybe a little care package to someone serving our country in foreign lands to make their time a way a little more bearable.

As Regent, I get lots of emails from state and national sources and want to inform you of one thought particularly important. Have you made arrangements in the case of your passing so that your family or executor will know what to do with your DAR ribbon and jewelry? DAR has provided a form entitled *Forever DAR* for us to record easily how we want our DAR memorabilia treated when we no longer reside in the land of the living. If you are one who has not thought about this topic, please think about it now. Along with the newsletter, I have attached the form for your use. I hope you will consider completing this important document and providing it to your executor or your family.

Also, consider entering your patriot into the drawing for the ASDAR Patriot Tree Project. Each member can use the application attached to this email (distribution of December Issue of *The Hayden Herald*) to honor her patriot. A drawing will be held at the ASDAR Spring Conference in May to select one patriot at random to go to the *NSDAR Pathway of the Patriots Project*. Just think of having YOUR patriot honored nationally!

I am pleased to announce that one of our prospective members has offered her home to us for our December meeting and Christmas Auction. Christy Sturdevant will host us at 15263 S. 30th Place, Phoenix, on Saturday, December 15. We'll treat this like a regular meeting regarding time, so plan to arrive at around 10:30a.m. We will have a little something informal planned for about 11, eat our feast, and then have the auction afterwards. As usual, members will supply the goodies in the form of a pot luck, so bring your prized dishes. Christy will supply the meat, the table settings, and drinks. Also, please bring something to auction off to our crowd. Some search around their houses and find neat little objects they can part with; others might make/create something gifty. Then we auction all goods off and use profits to give to some worthy cause. We hope you will plan to attend. Keep your eyes peeled for Sophia's call to the meeting, and RSVP as soon as you get the announcement so that Christy can know how many to prepare for.

Quick Report on DARlings Cup Collection: abt. \$22 for October and \$22.50 for November. These funds will likely allow us to give a Mama Roo Baby Swing to Hushabye Nursery in January.

Until next time!
